

THE DIRECTORS FORUM

Tomorrow's leaders today

The Directors Forum is designed for today's successful directors and senior decision makers. Providing an environment where experience is shared and knowledge gained, members enjoy both professional and personal growth, and achieve greater results for their business. Great networking, facilitated knowledge-sharing meetings and access to expert speakers all enable directors to gain practical learning, build greater confidence and develop wider leadership skills.

The Directors Forum - helping leaders release their true potential.

Benefits to you include:

- a safe place for you to share best practice every month
- your own independent sounding board and source of new ideas
- learning and experiences from other industries and business functions
- expert speakers to implement practical tips directly into your business
- ongoing support, challenge and sense of community
- greater certainty in decision making; the 'trial' without the 'error'
- accelerated and sustained results for you and your business.

The Directors Forum detail:

- designed for senior decision makers from small to medium sized businesses
- each Forum member will be from a non-conflicting industry
- the Forum meets monthly for a full day, facilitated by the Group Chairman
- expert professional speakers are invited to present at many meetings
- optional one-to-one coaching session with your Chairman networking
- opportunities from organised regional and national events.

Join your local Forum and perform better today, and be well equipped for changes in the future.

“Our business is much more profitable than it was before – the things I have implemented as a result of speaker input and honest feedback from my fellow members has helped us to stand out from our competitors, not just to stand up to them.”
